Our latest developments in Speke & Garston

News in brief

Have you got home contents insurance?

Many of our tenants do, which is great news. However, home contents insurance can often get overlooked by others; thinking that it's not needed or that it's already covered by us as your landlord, it's not.

If you're burgled, or you have a flood or a fire, it's up to you to replace everything that's stolen or ruined. We have teamed up with Royal Sun Alliance (RSA) to offer low-cost tenants contents insurance, so that if the worst happens, you could claim back money which would pay to repair or replace your contents.

You won't need to pay an excess too. Take a look at our website for more information or get in touch with our Benefits and Energy Advice team.

Have you considered independent living?

As we get older, maintaining everyday independence with the support of a friendly community becomes more important. We have two independent living developments in Woolton, providing a place where tenants live independently in their own homes whilst having extra support when needed.

You will have your own front door but you also have the comfort of being surrounded by a friendly community. There are lots of opportunities to take part in well-being activities and social events, helping you to feel connected, keep active and reduce feelings of isolation. A number of outings are planned throughout the year that you can go along to too!

Each building has a large spacious lounge overlooking the gardens. Here tenants can read a book from the library, play games such as darts or board games or just chat with friends or family over a coffee.

The beauty of independent living is that you have the choice and flexibility to pursue hobbies and take part in social activities when it suits you and your lifestyle.

If you are interested, get in touch or scan the QR code for more information.

Cost of living support

If you're feeling the pinch of the rise in cost of living, we're here to help. If you are struggling to keep up with your rent payments, don't suffer in silence. Get in touch with your income officer who will work with you to help you get back on track.

Don't forget that we can also provide practical support with your benefits and we have a community shop, The Market Place, where you can do a £15 shop each week for £3, plus there are often lots of freebies too!

Calling us in an emergency outside office hours

Our emergency out-of-hours service is run by a company called Orbis who works with lots of housing associations. If you have ever called us outside of 9am – 5pm, over the weekend or if our office is closed for training, Orbis will answer your call.

You call us the usual way on 0330 303 3000 and Orbis will deal with your emergency. You can find out more about emergency repairs on our website.

Have you visited Reach Garston?

Earlier this year we launched our employability service, Reach, at Garston Adventure Playground (The Venny). A handful of our providers, including Catch 22, The Salvation Army and Career Connect, are available at The Venny on Thursday afternoons.

The service is by appointment only. This means your slot is tailored to you, so you'll get the most out of your time and together we can explore all your options to get you on the right path. Email us at reach@southliverpoolhomes.co.uk to book your appointment.

Reach helped Lewis find work

Lewis, 20 years old, came to Reach when he made the decision to drop out of university. Struggling to find direction, he was referred to South Liverpool Youth Hub. The Youth Hub provides a variety of resources for jobseekers, and Lewis worked with career advisors to update his CV and look for jobs that interested him.

Fully immersing himself in our programme of events, he attended weekly sessions with Mind Connect and volunteered at our community shop, The Market Place. He enjoyed interacting with the other volunteers and it was here that he discovered his passion for working with people.

With support from the Youth Hub, he successfully applied for a job as a Youth Worker. Lewis took control of his future by getting help from Reach and has now found a job that he's happy in.

In his words, the early mornings visiting Reach were definitely worth it, and he wouldn't be where he is today without our employability hub!

Over 1,500 tenant visits completed

Over the last 12 months, our neighbourhood management officers have been busy making appointments with you so that we can get to know each other better. So far, we have carried out 1,500 visits! Thanks to everyone for taking time out of your day to chat to us.

These visits provide an opportunity for us to discuss any issues you may have in your home or community, as well as offering you support if you need it. During the visit we will check to see if any repairs need doing and confirm your contact details, to ensure we have the most up-to-date information about you, your household and your current needs.

How do we support you during these visits?

- Identify repairs and book them in whilst we are at your home.
- Refer you to support services that we offer, as well as other local organisations.
- Speak to you about anti-social behavior and safeguarding concerns and provide support.
- Update your details on our system. This will help provide a better tailored service to you.
- Invite you to sign up to our e-newsletters and involvement opportunities.

We need your help

Whilst we have made great progress, we've had a high number of missed appointments, 1,150 so far, even though we let people know we are coming. If we arrange a visit with you, please try to keep to the appointment. We know that sometimes this isn't always possible, so if you need to rearrange just let us know ahead of the date and we can arrange another convenient time with you. We look forward to meeting more of you in the weeks and months ahead!

How are we shaping our services following the visits? So far, we have found:

54% of tenants are living with a disability

We will continue to offer services which help our customers feel safe and comfortable in their homes and community. We will also evaluate our budget for adaptations and build homes that meet the needs of customers with disabilities. Telephone is the preferred method of contact for 66% of customers.

Our new customer service team has been specially trained to improve your customer experience and solve your queries at first contact. This will hopefully reduce the need for customers to call us more than once to have their query resolved.

34% prefer to contact us in other ways

We are continuing to improve digital ways for customers to contact us and have recently added an SLH WhatsApp channel into the mix. We have also recently refurbished our reception area for those who prefer to speak to us in person. We have extended our opening hours to 9am – 4.30pm Monday to Friday, so please pop by to chat to us.

We have identified areas that are hotspots for anti-social behaviour

We will use this information to carry out targeted campaigns and projects across our neighbourhoods this year, to help us tackle anti-social behaviour together.

Street lighting and fly tipping are the most common environmental concerns

We will continue our monthly neighbourhood inspections so that our communities are attractive and safe places to live. We will continue to work with Liverpool City Council so that we can work together on issues.

New reception opening hours

Our reception area, The Market Place and The Market Place Social have all had a full refurbishment.

The new areas offer a fresh environment, with improved accessibility features to meet the needs of more of our customers. Alongside the fresh look, we've got new opening hours. Our reception will now be open from 9am to 4.30pm Monday to Friday, giving you more flexibility if you want to speak to us face-to-face.

Our community shop, The Market Place, has also been transformed with wider aisles suitable for mobility aids including wheelchairs and scooters. And it's now easier to access The Market Place Social from the front of the shop. We hope you like it!

See what The Market Place Social has to offer

The Market Place Social is a wonderful social space for all our tenants to enjoy. Take a look at our calendar of events over the spring and summer months!

Your social calendar

Monday

10.30-11.30am or 1pm-2pm - Mind Connect mental health & wellbeing groups.

Tuesday

10am - 1pm - Knit & Natter. Share hints and tips, swap patterns, meet new people and learn new skills.

1.30pm - 3.30pm - 'Care for a cuppa' chats. Providing a space to meet other carers, and find mutual support.

Wednesday

10am - 12pm - art & crafts. Come along to try your hand at various craft activities.

Thursdays

2pm - 4pm - The Life Rooms - Creative workshops to build confidence, self-esteem and improve wellbeing.

Friday

10.30am-12.30pm - Coffee & Chat. Find out more about the The Market Place Social, and have a brew on us.

GROW SPEKE

NEEDS YOU

Make spring your time to get into volunteering at Grow Speke, our community garden in south Liverpool.

The urban green space is a great place to start your volunteering journey, with a range of ways to give back to your community while making friends, learning new skills and getting some exercise and fresh air. Now is a great time to get involved as we start to plan for the spring and summer seasons.

What volunteer roles are available?

Our volunteers get involved in a variety of tasks including:

- Planting
- Pruning
- Weeding
- Digging
- Joinery
- Painting
- Keeping the site tidy

Become a Grow Speke volunteer

Scan the QR code to complete the volunteer registration form or email getinvolved@southliverpoolhomes.co.uk for more details.

Grow Speke 'Outstanding' says North West in Bloom

We are delighted to share that Grow Speke, has received an assessment of 'Outstanding' in the 'It's Your Neighbourhood' category at the North West in Bloom awards.

The awards champions community gardening projects that are focused on improving their local environment. Last October the garden received a visit from a Royal Horticulture Society (RHS) assessor, and after reviewing the work we do, awarded Grow Speke an outstanding mark! We would like to thank all our amazing volunteers and partners for the great work you do to support Grow Speke.

World cooking event spices up south Liverpool

Our community shop, The Market Place, was filled with wonderful aromas of international cuisine as local residents came along to a cooking demonstration in March.

Local organisation 'Let's Get Cooking' inspired us to cook healthy, affordable, easy meals from scratch as they cooked dishes which included a delicious chicken biryani and scrumptious American pancakes!

People had the opportunity to watch, learn and taste the delicious recipes with each participant receiving a goodie bag filled with ingredients and a recipe card to recreate some of the dishes at home.

Laura Murphy, SLH's Community Investment Officer who helped organise the event said "The event was about more than just food; it was about celebrating different cultures and bringing people together to learn how to cook new, low-cost recipes from scratch."

Keep checking our Facebook page for details of more community events taking place over spring and summer.

"The tasters were lovely, looking forward to trying it at home!"
Ann, Speke resident.

Environmental project gets underway in Garston

Work has started on an environmental project on Vulcan Street in Garston which, with the help of key partners and the community, will transform the area into a wildlife corridor for local people to enjoy.

The project will have two phases.

Phase one

Planting six mature trees, along with a wildflower meadow, with the aim of creating an area where wildlife can flourish and the community can enjoy.

Phase two

Add hedging and further improvements to the site, designed in conjunction with the local community.

Working with Groundwork, who has helped to plan the site, we have engaged with the Ministry of Justice Community Payback, who has prepared the ground for tree planting, before wildflower sowing begins in April.

We've engaged with local schools and the community who are keen to get involved with sowing the wildflower meadow, which will bring new species of flowers and grasses into the area and support a rich ecosystem of insects and birds.

"We understand the impact that construction work has, so we're delighted to be able to offset this impact with projects like this, that put something back into the environment, for people and the planet."

SLH Environmental Officer James Fay

Safeguarding is everyone's responsibility

We are committed to playing our part in keeping our customers safe in their homes and their communities. This means helping to protect adults and children from abuse or neglect. However it's not just our responsibility, we all have a role to play in protecting people. This is called safeguarding.

If you are worried about a neighbour, friend or family member, trust your instincts and report it. It shows you care, and by speaking up you could make a huge difference to their life. It's not always easy to spot if someone is at risk, but there are some key signs that indicate that something may be wrong.

Poorly-maintained home - hoarding, overgrown gardens

Financial issues - unexplained loss of money, no gas, electricity or food in the home.

High number of people in and out of a home or taking over the home.

Physical injuries - cuts, bruising, burns.

Changes in personality or appearing afraid.

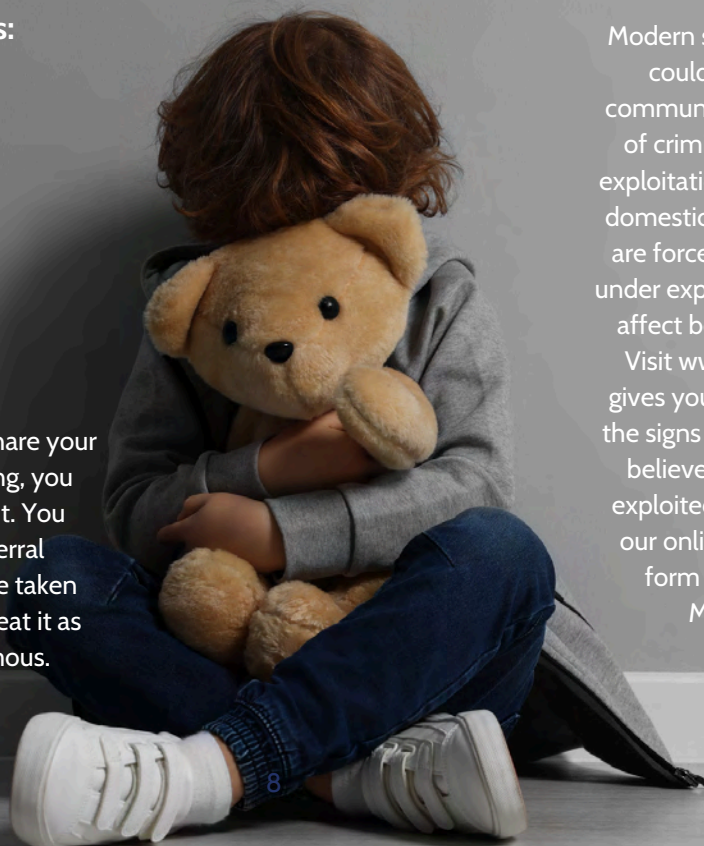

Self-harm, malnutrition, untreated injuries or medical conditions.

Types of abuse

Abuse can be any of these things:

- Physical
- Financial or material
- Sexual
- Discriminatory abuse
- Domestic violence
- Modern slavery
- Psychological abuse
- Neglect or self-neglect
- Hate crime

If something feels wrong, it's okay to share your concerns. Even if it turns out to be nothing, you have done the right thing by reporting it. You can report it using our safeguarding referral form on our website. Your report will be taken seriously and sensitively, and we will treat it as confidential if you prefer to be anonymous.

What is modern slavery?

Modern slavery is a real issue that could be happening in our communities. It can take the form of criminal exploitation, labour exploitation, sexual exploitation, or domestic servitude, where people are forced to work in households under exploitative conditions. It can affect both adults and children.

Visit www.unseenuk.org which gives you advice to help you spot the signs of modern slavery. If you believe that someone is being exploited, you can report it using our online safeguarding referral form or report it directly to Merseyside Police.

Keeping our communities safe

SLH takes anti-social behaviour seriously, prioritising the safety and wellbeing of tenants and residents who live in our communities. We work closely with Merseyside Police and other partners so that we can create safer and stronger neighbourhoods, tackling anti social behaviour (ASB) together.

Youth ASB in Speke

We are aware of the recent rise in youth anti-social behaviour in Speke and are working closely with our partners and local businesses to address it.

The safety of residents is our top priority. We are holding regular partnership meetings with key stakeholders, including Merseyside Police, Liverpool City Council and local businesses to discuss the concerns and collectively tackle the problem.

Here are some of the actions we and our partners are taking to address the problem:

- We are working with key partners including local businesses, Merseyside Fire and Rescue Service, Merseyside Police and Liverpool City council to identify the areas affected by ASB and give reassurance to those affected.
- Working with Merseyside Police, we have identified some of the young people who are involved and are engaging with them and their families. This will involve a mix of support and enforcement, depending on the individual circumstances.
- We are actively engaging with residents through door-to-door activities in hotspot areas.

Reporting your concerns

We encourage all residents to continue to speak to us about any concerns you have. You can report anti-social behaviour directly through our ABS form on our website or by calling us on 0330 303 3000 and choose option 3. In an emergency, call 999 or in non-emergency situations call 101. Reporting incidents is vital to help us take the necessary action. We have an experienced Community Safety team who will treat any information in the strictest of confidence.

Recent action

Over the past six months we have obtained five civil injunctions against tenants living across Speke and Garston. The injunctions were obtained following abusive and threatening behaviour to members of the community.

In Garston, we obtained possession of a flat in Windfield Green after illegal drugs and weapons were found by Merseyside Police. The tenant had also harassed and exploited vulnerable people living in the area.

Thanks for your support to help us tackle these issues together.

Through this approach, we are hoping to gather more crucial information from the community, which will help us focus our efforts in the right place, as well as providing support where it is most needed. In March, we visited almost 700 homes across Speke.

What is ASB?

Scan the QR to watch our explainer video

Take a look at our new development schemes

What's happening at Western Avenue in Speke?

Following demolition of the derelict shops and apartments on Western Avenue in Speke, building work has now started on site.

The new development will feature a shop and eight one-bedroom apartments. The apartments will be tailored for older residents and designed to adapt to changing needs. They will include level-access shower enclosures and lift access to all apartments.

Built to EPC A standard, the eight apartments will include solar PV panels, energy-efficient heating and hot water systems, and electric vehicle charging points as standard.

MP visits our new housing development in Garston

Maria Eagle MP visited our new housing development on Church Road in Garston to see the progress being made on the 15 two and three-bedroom homes we are building. The homes will be available for affordable rent and rent to buy.

It is one of two developments in the Garston Under the Bridge area, where a further nine homes are being built on Window Lane for affordable rent.

Maria Eagle MP said:

"Alongside nine new homes being built on Window Lane, the homes on Church Road will bring more high-quality homes to Garston, help local families and young people get on the property ladder, and help address housing shortages in the area."

Work starts on South Parade

Work has started on our South Parade redevelopment in the centre of Speke, where 92-homes will be built for social rent, affordable rent, rent to buy and shared ownership.

They will be a mix of two, three and four-bedroom houses, bungalows and apartments with an area of open public space for people to enjoy.

How are new homes allocated?

New homes are often allocated from Liverpool City Council's list as well as our own waiting list. This is common practice for all new-build schemes across Liverpool that are part-funded by the Government.

The council prioritise people who are assessed as homeless and have requested Speke and Garston as an area they would like to live. Homeless can include people living in private-rented accommodation who have been served their notice, people leaving the armed forces and those who are experiencing relationship breakdown.

SLH will prioritise people who are most in need of a home from our waiting list. These are people who are at the top of our waiting list and their needs match the homes that are being built.

South Liverpool Homes Community Fund

Are you involved in a local organisation that needs funding to turn a community project into reality?

Do you need a little help to get an innovative project off the ground? Or do you need practical help to maintain or boost your existing community activity?

South Liverpool Homes' Community Fund is an amount of money set aside to support community projects in Speke and Garston.

The fund is open to any organisation that delivers activities that benefit SLH customers and the wider community.

It's open to constituted and non-constituted organisations. Constituted groups can apply for small grants of up to £2,000 or larger grants of £2,000 and over. Non-constituted groups can apply for a start-up grant of up to £300 to get their project off the ground.

Through the fund, you can also apply for practical, 'in-kind' help from South Liverpool Homes.

For example:

- Help repairing or maintaining your community facility.
- Venue provision at Grow Speke, Reach or The Market Place Social.
- Volunteer support from SLH colleagues and volunteers.

To be eligible to apply, your project or activity must meet one or more of the following priorities:

- Provide opportunities for customers to upskill and reach their employment capacity.
- Improve the health and wellbeing of SLH customers and the wider community.
- Encourage cleaner, greener neighbourhoods.
- Improve financial wellbeing of SLH customers and the wider community.
- Reduce anti-social behaviour in Speke and/or Garston.

For more information about the fund and how to apply, scan the QR code.

Facebook Messenger has closed, but we've got WhatsApp!

Earlier this year, we made the decision to close our Facebook Messenger, due to changes in the way Facebook deals with messages. We were sad to see it go but the recent changes meant that our Customer Service team were unable to view and respond to all messages that you sent, especially over the weekend.

We know that many customers like the ability to message us on their phones and solve simple problems quickly. That's why we've introduced WhatsApp for Business - you can message us on your phone, wherever you are, and interact directly with our Customer Service team. Customers can contact us on WhatsApp on 07974 356 904 or you can scan the QR code where our Customer Services team will answer all queries through our LiveChat platform on our website.

Your feedback matters

We love getting your feedback about our services. It's lovely to hear from you when you receive a great service, or hear your suggestions on how we can improve what we do. However, it's through complaints that we learn the most.

Here are some of things we have changed as a result of your feedback:

You told us that when large-scale maintenance is taking place, especially in empty homes, the work can be very noisy and disruptive.

Cards will now be posted through neighbouring tenants' doors when we are undertaking large or complex works, to let you know of any noise disruption. While the works are unavoidable, we hope that providing notification of the works will minimise the frustration this can cause and also give you the opportunity to make any necessary arrangements.

It sometimes takes too long for roofing works to be carried out to homes, especially when we have high winds and storms.

We have reviewed and changed our process so that a surveyor is not required to assess the work that needs to be done. The roofing team will now assess the works and arrange for it to be carried out at the same time. This speeds up the process and helps us to get the works done as quickly as possible.

Other actions we have taken as a result of your feedback are:

- Held team meetings and toolbox talks with the relevant teams when we can see a pattern emerging on areas that are not working as well as they should be.
- We are monitoring the process when you need further 'follow on' works at your home after the original work has been carried out. In the majority of cases, these should be booked at the door with you so that it is clear what work is needed and when it will be completed by.

We offer a number of ways you can give your feedback, whether that's a complaint, suggestion or a compliment.

- On our website, using the customer feedback form
- By email. Email us your feedback at customer.feedback@southliverpoolhomes.co.uk
- By telephone on 0330 303 3000
- Face to face, with any SLH colleague
- In writing to: South Liverpool Homes, Parklands, Conleach Road, Speke L24 0TY
- By WhatsApp on 07974 356 904

Get Universal Credit Ready

The Department of Work and Pensions (DWP) is replacing certain benefits with Universal Credit (UC). When you receive your 'migration notice' from the DWP telling you to apply for UC, please don't ignore it as you will risk your benefits stopping altogether. People who are on tax credits will have already received their migration notice as tax credits ended on 5 April 2025.

Over the next 12 months, the DWP will send letters out migration notices to people who are on Employment and Support Allowance and Housing Benefit. Once you move over, you will need to pay your rent monthly to us. The best way to do this is by setting up a Direct Debit which takes the hassle out of remembering to pay. If you need help and support, our Benefits Advice Team can help you. Call us on 0330 303 3000 or use our digital services such as WhatsApp or Live Chat on our website.

That's right. Our new group of SLH Influencers earn £50 in shopping vouchers for every five pieces of communication they review.

They review all kinds of SLH communications, from social media posts, webpages and even this Bulletin magazine! They do this all online where they let us know how we can improve our messages so that they are clear to customers.

The group of influencers have completed their first assignment, looking at our communications around damp, mould and condensation campaign, a subject that's a big priority for us and our customers. Thanks to all our influencers for your input. Following your feedback we have improved our animated video, slowing it down so that you have more time to take the information in. We have also added in some extra condensation tips such as using an extractor fan.

If you want to make sure your voice is heard on our next piece of communications, email getinvolved@southliverpoolhomes.co.uk with the subject header 'I'd like more information on being an influencer'.

Beware disrepair claims

We're aware that some of our customers have been approached by claims management companies, encouraging you to make a claim against SLH for disrepair.

Sometimes the company may pose as SLH or Avela Home Service staff or claim they have got your contact details from us. This will never be the case. All SLH and Avela Home Service staff will carry photo ID with them, always ask to see their ID badge. If you are unsure, call us 0330 303 3000.

What are disrepair companies?

Disrepair or claims management companies will tell you that your home is in need of repairs and will encourage you to put in a claim against your landlord to get compensation.

They then sell your claim to a solicitor who acts as an intermediary between you and SLH, for a cost.

If you think your home is in a state of disrepair, please report the issue directly to us. We will log your repair and visit your home to assess the work that needs to be done.

Get around greener

Spring is in the air and the fresh air and sunshine often makes us want to get out and about more. But getting around shouldn't cost the earth. Check out our guide to getting around in south Liverpool while saving money and saving the planet.

Walking

The original way to get around. For short journeys nothing beats walking. It's free, it gets your heart rate up, lifts your mood and has zero impact on the planet.

Cycling

Cycling is one of the cheapest and greenest ways of getting around and get active. In south Liverpool, we've got a great network of cycle routes on our doorstep.

E-scooters & bikes

If cycling isn't your bag but you still want to get around in a green and convenient way, e-scooter and e-bike hire is the next best thing. Just sign up, jump on and go.

Buses & trains

Your local bus routes from Speke into town are bus numbers: 80, 82a, 500 and X1. Your local bus routes from Garston into town are bus numbers: 86, 80, 82a, 500 and X1. Your nearest rail stations are Liverpool South Parkway in Garston and Hunts Cross station.

Electric vehicles

There are ways to drive and minimise your carbon footprint at the same time. With electric vehicles (EVs) on the rise, there is a growing network of local charging points around the city.

For more greener ways to get to work, cheap and cheerful ways to get active or healthy ways to explore your local environment, scan the QR code on this page.

Servite Court resident is on the airwaves!

One of our independent living scheme residents has been hitting the airwaves on Merseyside Dementia Friendly Radio.

Flo, who lives at Servite Court, is a presenter on Merseyside Dementia Friendly Radio, based in Speke Training and Education Centre (STEC).

She got involved with the station after spotting a post on the station's Facebook page, recruiting volunteer presenters and now hosts her own fortnightly show that airs on Friday at 11am.

Her show covers a mix of topics – music, local landmarks and stories from her trips around the world, and she has recently involved some of her neighbours from Servite Court in her show too.

Her group of friends meet weekly to play bingo in the communal lounge, sharing stories from when they were young. This gave Flo an idea to incorporate some of their memories into her show. The residents recalled happy times from their younger years, including cinema trips, time spent with friends and concerts, which she shared on the programme.

Merseyside Dementia Friendly Radio broadcasts a mix of dementia-friendly music and shows. It's aim is to get people living with dementia to talk and listen to the music they like independently.

If you would like to know more about our independent living homes, get in touch.

Men's and women's support groups in Garston

Garston Children's Centre is offering men and women support to help reduce isolation and improve wellbeing.

Men's Talk

Men's Talk is a group open to men aged 18+ from across the city. The group is run by a qualified male mental health nurse and provides a safe space for men to talk and engage with one another.

Come along at the following times:

- Monday: 1pm – 2pm at Garston Children's Centre, 70 Banks Rd, Garston, Liverpool L19 8JZ
- Thursday: 5.45pm - 6.45pm at Long Lane Church, 8-12 Long Ln, Garston, Liverpool L19 6PF

Tea & Talk

Tea & Talk is a brand-new women's support group. The group is open to women aged 18+ from across the city. The female-run group uses lived experience to support women and create a safe space to thrive and provide an open forum for discussion.

It takes place on Thursdays 9.30am-11.30am at Garston Children's Centre. Whichever group is for you, just drop in. No booking or referral is needed.

Wordsearch winner!

Thanks to everyone who entered our last wordsearch competition. The lucky winner was Miss Joly from Garston who won £25 shopping vouchers.

Wellbeing wordsearch

Find all 10 wellbeing-themed words for your chance to win £25 in shopping vouchers.

Closing date 4 June 2025.
